Goodyear tyres (MODIS code TYGY)

From orders submitted in October 2007, Goodyear Eagle F1 tyres (MODIS code TYGY) can be ordered as an alternative to the car standard outfit. Goodyear Eagle F1 tyres are available as 245/40 ZR19" front tyres and 305/35 ZR20" rear tyres and they can be installed only on standard rims of 599 GTB Fiorano; as a result they are incompatible with the optional "Monolithic Challenge type 20" wheel rims" (MODIS code RIM4) and "Monolithic ball polished Challenge style 20" wheel rims" (MODIS code RIMY).
