## 599 HGTE STYLING ENHANCEMENT KIT

*599 GTB*  
**FIORANO**

This kit completes the characterization of the exterior. It enhances the front area with the use of a grill with a special chromatic treatment where the car manufacturer's symbol, the Prancing Horse, now has a more technical appearance due to a special brushed-finish treatment. The Horse with the same treatment is also available on the rear lid.
