AVVERTENZE GENERALI PER LA CONSULTAZIONE DEL CATALOGO RICAMBI

Tutti i pezzi suscettibili di essere richiesti come parti di ricambio sono individuabili dal numero di disegno, dalla denominazione e dalla quantità riportati nel testo che accompagna le illustrazioni.

Considerato che le varianti volta a volta introdotte nella fabbricazione portano a cambiare tali numeri, denominazione e quantità nel tempo, è necessario che i MAGAZZINI PARTI DI RICAMBIO seguano attentamente le varianti comunicate periodicamente mediante i fogli di aggiornamento.

Tutti i pezzi indicati nel presente catalogo sono disponibili presso i magazzini dei Servizi Centrali Ricambi Ferrari.

Tutte le ordinazioni debbono essere effettuate indicando oltre al numero del pezzo rilevato nel Catalogo anche i numeri di telaio e di motore della vettura sulla quale dovranno essere impiegati i pezzi richiesti.

Le parti di ricambio che vengono montate per particolari esigenze solo su vetture di determinati paesi, sono contraddistinte dalla sigla internazionale del paese di destinazione.

HOW TO CONSULT SPARE PARTS CATALOGUE

All the parts liable to be ordered as spares are identified by the parts number, description and quantity mentioned in the tables.

Since the modifications now and then introduced in series production lead to changes in the number, description and quantity, it is essential for THE SPARE PARTS STORES to strictly follow the changes which will be regularly notified with the amendment sheets.

All the items entered in this catalogue are available at the head store of FERRARI.

All the orders for parts should state the catalogue number and, in addition, the chassis and engine numbers of the concerned cars. When ordering, it is advisable to describe the part with the same description as given in the parts catalogue.

Spare parts fitted on cars that must comply with the laws of the Country where they are delivered to, are marked by the initials of the interested Country.

UTILISATION DU CATALOGUE DE PIECES DE RECHANGE

Toutes les pièces vendables en rechange sont contenues dans le présent document où elles sont réparties par planche précisant leur numéro de commande, leur désignation et la quantité entrant dans chaque organe ou élément.

Les modifications pouvant survenir en fabrication entraînent, chaque fois, la modification de ces numéros, désignation et quantité, aussi nous recommandons à tous les MAGASINS DE PIECES DE RECHANGE de suivre très attentivement les mises à jour que nous diffusons au fur et à mesure de ces modifications.

Toutes les pièces indiquées dans le présent Catalogue sont en vente auprès des Magasins Centrales Pièces de Rechange FERRARI.

Sur toutes les commandes mentionner, outre le numéro de pièce relevé dans le Catalogue, le numéro de châssis et du moteur du véhicule auquel sont destinées les pièces demandées. Il est souhaitable d'indiquer également l'exacte désignation, donnée dans le texte, de la pièce intéressée.

Les pièces de rechange devant obligatoirement équiper les voitures suivant les lois du pays destinataire sont identifiées par moyen de la sigle international du pays en question.

TAVOLE

Illustrano le parti di ricambio elencate nel testo e sono così suddivise:

1 - Tavole numerate con lettere (A.B.C. ...) sulle quali sono elencati i complessivi forniti a ricambio e i particolari che li compongono.

2 - Tavole numerate da TAV. 1 a TAV. 100 nelle quali sono rilevabili i singoli particolari meccanici componenti la vettura.

3 - Tavole numerate da TAV. 101 a TAV. 200 sulle quali sono rilevabili i particolari di carrozzeria componenti la vettura.

MODIFICHE

La FERRARI darà comunicazioni (quando lo riterrà necessario) delle modifiche al catalogo che perciò dovrà essere tenuto costantemente aggiornato.

TABLES

They show the spare parts listed in the contents and are arranged in this way:

1 - Tables marked with capital letters (A.B.C. ...) where the assembly units supplied as spares and the relevant single parts are listed.

2 - Tables marked from 1 up to 100 where the single mechanic parts are shown.

3 - Tables marked from 101 up to 200 where the body parts are shown.

MODIFICATIONS

FERRARI will notify, when necessary, any modification which will occur to the parts catalogue: therefore it must be kept up to date.

PLANCHES

Les planches représentent les pièces détachées figurant dans le texte. Elles sont présentées de la façon suivante:

1 - Planches numérotées par des lettres (A.B.C. ...) où l'on trouve l'ensemble des groupes fournis à rechange tout comme les pièces qui les composent.

2 - Planches 1 à 100 où l'on trouve les pièces mécaniques qui composent la voiture.

3 - Planches 101 à 200 où l'on trouve les pièces de carrosserie qui composent la voiture.

MODIFICATIONS

La FERRARI communiquera, à sa discrétion, les modifications apportées au catalogue qui devra être mis à jour en conséquence.

NORME DA OSSERVARE PER L'ORDINAZIONE DELLE PARTI DI RICAMBIO

Per le ordinazioni di parti di ricambio, indicare sempre chiaramente, oltre alla denominazione del pezzo, anche il numero di disegno desunto dall'allegato catalogo e citare i **numeri di matricola del motore e del telaio della vettura da riparare.**

RULES TO BE OBSERVED WHEN ORDERING SPARE PARTS

When ordering spares, clearly indicate the denomination of each piece, its classification number as mentioned in the catalogue, and also state **the number of engine and chassis of the car to be repaired.**

REGLES A OBSERVER POUR COMMANDER DES PIECES DE RECHANGE

En cas de commande des pièces de rechange, nous vous prions de préciser toujours, clairement, outre que la denomination de la pièce, aussi son numero caractéristique tel que vous les trouvez dans ce catalogue, plus **le numero de moteur et du chassis de la voiture a réparer.**

AVVERTENZA - Le descrizioni e le illustrazioni fornite nella presente pubblicazione si intendono non impegnative; perciò la FERRARI si riserva il diritto di apportare, in qualunque momento, senza impegnarsi di aggiornare tempestivamente questa pubblicazione, le modifiche eventuali di organi, dettagli o forniture di accessori, che essa ritenesse conveniente per scopo di miglioramento o per qualsiasi esigenza di carattere costruttivo o commerciale.

NOTE - The descriptions and illustrations included in this book are not binding; FERRARI reserve the right, to change at any time, such items or components as may be necessary to improve the functioning of efficiency, for either constructive or commercial reasons.

NOTE - Les descriptions et les illustrations fournies dans la présente publication n'ont pas force d'engagement; aussi FERRARI se réserve-t-il le droit d'apporter tout moment, sans s'engager à mettre à jour cette publication en temps utile, les modifications éventuelles d'organes, de détails ou fournitures d'accessoires, qu'il jugerait opportun en vue d'une amélioration ou pour quelque exigence que ce soit de caractère constructif ou commercial.

Per motivi che possono essere economici, di funzionamento o sicurezza, la Ferrari si riserva in qualsiasi momento e senza preavviso alcuno, la facoltà di vendere complessivi al posto di singoli componenti anche se previsti tali nel presente catalogo.

Due to economic, operating or safety reasons, Ferrari reserves the right, in any moment and without notice, of selling complete assemblies instead of single elements, even if in contrast with this list.

Pour des raisons économiques, de fonctionnement ou de sûreté, la Maison Ferrari peut, à tout moment et sans préavis, vendre des jeux de composants au lieu de composants uniques, même s'ils sont mentionnés comme uniques dans ce catalogue.

WARRANTY

OTHER TERMS THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OF ANY KIND EXPRESSED OR IMPLIED, INCLUDING (WITHOUT LIMITATION) ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO SUCH PARTS AND ACCESSORIES. THE PAYMENT FOR REPAIR OR REPLACEMENT IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY. FERRARI SHALL NOT BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, (FOR OTHER THAN INJURY) TO THE PERSON RESULTING FROM BREACH OF THIS WRITTEN WARRANTY. FERRARI NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR IT ANY OTHER OBLIGATION IN CONNECTION WITH SUCH PARTS OR ACCESSORIES.

AS IS

The only warranties applying to this part(s) are those which may be offered by the manufacturer. The selling dealer hereby expressly disclaims all warranties either express or implied, including any implied warranties of merchantability or fitness for a particular purpose, and neither assumes nor authorizes any other person assume for it any liability in connection with the sale of this part(s) and/or service. Buyer shall not be entitled to recover from the damages to property, damages for loss of use, loss of time, loss of profits, or income, or any other incidental damages.

ENVIRONMENTAL COMPLIANCE CHARGE

Maintaining and repairing your car inevitably involves the use of chemicals and generation of wastes (solvents, oil, caustics, lead, asbestos, etc.) that must be stored, managed and disposed of in strict compliance with federal, state and local environmental regulations. We support these regulations and also believe our customers do too because they help ensure a safer, healthier environment for everyone. Complying with these regulations increases the cost of service. Ordinarily, increased costs simply result in an increased hourly labor charge. This dealership has decided in lieu of raising its labor rate, to list a compliance charge on appropriate service bills because we believe our customers would be interested to know that they are helping to pay for a cleaner environment.

TO OUR SERVICE CUSTOMERS:

Our usual charges for labor are not based on actual mechanic's time, but are simply our prices for particular jobs. You will be charged no more than the estimated price approved by you. However, if we discover that additional or actual repairs are indicated, you will be contacted for your advance approval of a revised estimate.

1. Customer is hereby notified that the said property is not insured or protected to the amount of the actual cash value thereof, or otherwise, against loss occasioned by theft, fire or vandalism while the property remains with the dealer.

2. Customer states no articles of personal property have been left in the vehicle and dealer is not responsible for inspection thereof.

3. The dealer is not responsible for unavailability of parts or delays in parts shipment beyond dealer's control.

4. Due to the type of service requested some repairs must be subtle.

5. All charges for repairs including labor and materials furnished are due and payable simultaneously with the delivery of the within described vehicle or prior to delivery upon the expiration of three (3) days after notice that the repairs have been completed. Notice shall be deemed to have been given upon the deposit in the United States mail, postage prepaid, of written notification to that effect addressed to the customer at the address given on the reverse side hereof.

6. If the vehicle described herein is not called for within three (3) days after such notice is given, a storage charge of \$25.00 per day will be made for each day thereafter.

7. Said Dealer is authorized to deliver the vehicle described herein or any of its contents to any person presenting this receipt.

8. In addition to any and all other legal remedies available, I authorize Said Dealer to have a lien on the vehicle described herein for all charges for repairs, including labor and parts, storage and/or towing, and to enforce such lien. Said Dealer is hereby expressly authorized to sell said vehicle at public auction after giving a twenty (20) day written notice by certified mail to the legal owner, registered owner, and Department of Motor Vehicles of intent to do so. On the sale date, the vehicle shall be sold to the highest cash bidder and the proceeds of sale must be used first to satisfy the lien plus storage costs and costs incident to sale, and the balance shall be forwarded to the legal owner, or if none, to the registered owner, or if the address is unknown, it shall be forwarded to the Department of Motor Vehicles.

Said expenses for sale shall also include a reasonable attorney's fee, which may be necessarily incurred.

9. If any such charges remain unpaid for thirty (30) days after such request for payment, Said Dealer may also refer such charges to its attorneys for collection and the customer will pay a reasonable attorney's fee.

STATEMENT CONCERNING AMENDMENTS TO THE SONG-BEVERLY WARRANTY ACT AS FOLLOWS:

"A buyer of this product in California has the right to have this product serviced or repaired during the warranty period. The warranty period will be extended for the number of whole days that the product has been out of the buyer's hands for warranty repairs. If a defect exists within the warranty period, the warranty will not expire until the defect has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the buyer, or if the warranty repairs did not remedy the defect and the buyer notifies the manufacturer or seller of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the defect has not been fixed, the buyer may return this product for a replacement or a refund subject, in either case, to deduction of reasonable charge for usage. This time extension does not affect the protections or remedies the buyer has under other laws."

WARNING:

California Health & Safety Code Section 25249.6 - Proposition 65: Some of the materials being removed and used during the servicing of vehicles are known to the State of California to cause cancer, birth defects or other reproductive harm.

CALIFORNIA EMISSIONS REFEREE STATIONS INFORMATION

- A Customer may be sent to a Referee Station by the Bureau of Automotive Repair if:
1. Motorist's vehicle failed the initial inspection when he/she thinks it shouldn't have.
 2. Motorist has a dispute with repair facility (e.g., cost/quality of repair work is in dispute).
 3. Motorist has had vehicle repaired resulting in no emission reduction or increase emissions, and which would exceed the cost limits if additional repairs are made, will be referred to a Referee Station for retesting.
- B Customer may go directly to a Referee Station if:
1. It is obvious that no repairs can be done for less than the cost limit.
 2. It is to verify non-availability of emissions control components.
